

D13 DOLOMITI

Sanitizing deodorant scented detergent

HOOVER
Professional

GENERAL ASPECTS:

D13 DOLOMITI is a liquid detergent based on quaternary ammonium salts endowed with the maximum degree of pureness, for an excellent sanitation and cleaning of washable surfaces in hospitals, schools, religious institutions, rest houses, communities and cohabitations in general.

D13 DOLOMITI performs an efficacious sanitizing action towards a lot of different types of microorganisms. The lingering scent of **D13 DOLOMITI** gives a CONFORT-SALUS deodorant to the place.

APPLICATION FIELDS

D13 DOLOMITI is suitable for the cleaning and the sanitizing of floors, walls, medical products, WC; toilets, furniture, work tops, rubbish skip and washable surfaces in general. Its use is recommended in schools, hospitals, gymnasiums, barracks, nursing home, communities, hotels, restaurants, offices, canteens, department stores, swimming pools, etc.

INSTRUCTIONS FOR USE

If used as sanitizing – detergent: water at 1-3% (100-300 gr. for every 10 litres of water).

If used as a deodorant for bathroom, washbasins, walls and accessories: pour some drops of **D13 DOLOMITI** itself on a sponge and pass it on the surfaces.

If used as sanitizing – deodorant for sanitary fixtures in general and litterbins, water one litre of **D13 DOLOMITI** for every litre of water.
