

No rinse detergent for micro-porous and polished floors

GENERAL ASPECTS:

DS47 is a no residue no rinse concentrated detergent for the daily cleaning of micro-porous, granite and polished marble floors.

It can be used manually or with an automatic scrubber drier machine.

DS47 dries quickly without leaving streaks or residues.

It leaves even the most brilliant floors clean, bright, streaks free and protected from soil penetration.

APPLICATION FIELDS

DS46 is used in ipermarkets, warehouses, government offices, for deep cleaning and daily maintenance of porcelain tile surfaces subject to heavy trampling. DS46 can be applied with mop, with scrubber dryer or monobrush machine fitted with red, green or microfiber pad . DS46 can also be used for the degrease of hard industrial floors, (cement, porcelain gres), heavily encrusted.

INSTRUCTIONS FOR USE

DIE GRES is used for the daily cleaning of micro-porous, granite and polished marble floors.

DIE GRE is applied manually or with an automatic scrubber drier machine.

Use preferably a microfiber mop.

	DOSAGE	
	Brilliant tiles	Mat tiles
Manual	2%	1%
Automatic scrubber drier	1.5%	0.5%

When applying manually on brilliant tiles, a well-rung mop is recommended. On extremely dirty floors, make a deep cleaning with DS46 and single disc scrubber.
