

Clean. Shine. **Eco-sustainable.**

Sutter
PROFESSIONAL
Hi-cleaning Solutions

The full line of Sutter Professional for dishwashing

Green

In the manufacturing of its products,
Sutter has always been in the forefront
-sometimes in an independent way-
in environment protection
and development sustainability.
Sutter Professional, **has been
the first company who registered
an Ecolabel product for automatic
and industrial dishwasher.**

It is now determined to develop its strategy
in a long-lasting life-cycle for environment
and user protection by using chemical
substances and natural resources
in a more prudent way.

MGDA

All the products of Cristal Line
**only use low environmental impact
sequestrant agents (MGDA)
and still ensure the high performance**
that Sutter Professional guarantees
for all its Ecolabel products.

Ecolabel

Cristal is the complete Sutter
Professional line for dishes: it
also includes **Ecolabel certified
detergents and rinse aids.**
Those products have **a low
environmental impact** for all their
life cycle while keeping their
high cleaning power unchanged.

Manual dishwashing

WASH

Neutral detergent

More concentrated and performing formula with high degreasing power. Citrus fruit fragrance anti-odour effective.

WASH PLUS

Hi-cleaning Solutions

Automatic dishwashing

Ideal for
self-cleaning ovens

SUPER

Detergent for professional dishwashing machine (soft water)

Alkaline detergent with high concentration and sequestering power, specific for automatic dishwashing only. Ideal for softwater (0-15° F). Excellent for use with automatic dosing devices. NO-FOAM FORMULA. Suitable for use in self-cleaning ovens.

SUPER PLUS

Detergent for professional dishwashing machine (medium water)

Alkaline detergent with high concentration and sequestering power, specific for automatic dishwashing only. Ideal for medium water (15- 25° F). Excellent for use with automatic dosing devices. NO-FOAM FORMULA.

UNIVERSAL PLUS ecolabel

Detergent for automatic dishwashing (for all kind of water)

Alkaline detergent with high concentration, specific for automatic dishwashing only. Contains MGDA for a better performance and a reduced environmental impact. Highly degreasing and ideal for all types of water. NO-FOAM FORMULA.

ECOLABEL licence n. IT/038/001

Ideal for
self-cleaning ovens

ECO RINSE ecolabel

Neutral rinse aid specific for softened water

Neutral rinse aid for rinsing in dishwashers using soft or medium water. Foam-free, it helps dishes dry quickly while preventing the formation of calcareous stains. Suitable for use in self-cleaning ovens.

ECOLABEL licence n. IT/038/001

ACID RINSE

Acid rinse aid specific for hard water

Acidic rinse aid for rinsing in dishwashers even with hard water. Foam-free, it helps dishes dry quickly while preventing the formation of calcareous stains.

CHLORINE DETERGENT

Active chlorine sanitising detergent for automatic dishwashing

Alkaline detergent with high concentration, specific for automatic dishwashing only. Thanks to the active chlorine, it is particularly effective against coffee, lipstick and tea stains. Sanitising effect.

small dishwashing machines

Ideal for
self-cleaning ovens

2 in 1
Detergent
and rinse aid

CRISTAL BAR

Rinse-aid detergent 2 in 1 for professional dishwashers

Alkaline detergent with high concentration for small dishwashers, specific for automatic dishwashing only. It is particularly effective against all types of stains. Does not contain caustic substances. Suitable for use in self-cleaning ovens.

BAR HYGIENE

Active chlorine sanitising detergent for small dishwashers and glasswashers

Alkaline active chlorine detergent, specific for automatic dishwashing only. Thanks to the active chlorine, it is particularly effective against coffee, lipstick and tea stains. Sanitising effect. Excellent for use with automatic dosing devices. NO-FOAM FORMULA. According to EN Test: EN 1276 and 1650.

Dishwashing machines maintenance

DESCALER DW

Acidic descaler for removing calcareous residue

Phosphoric acid-based descaler for dishwashers and washing machines. Very quickly removes all calcareous residue.

Automatic dosing system. Simple and safe.

With the automatic dosing system the liquids are automatically pumped into the dishwashing machine so you do not have to manually dose the detergents and you use the correct amount of product at each wash.

Peristaltic dosing pump for detergent (0,6-4 or 1,2/7 L/h) and rinse aid (0,2-1 L/h) with ON/OFF switch

Double pumps temporized /PCStric dosing

- No waste caused by overdosing
- No direct contact with products
- Simple training of personnel
- Maximum flexibility and easy to use
- Optimised quality/price ratio due to correct programming
